THE ITA TUNNELLING AWARDS UP FOR 2018

THE 4TH EDITION OF THE INTERNATIONAL TUNNELLING AND UNDERGROUND SPACE AWARDS

For this 4th edition the ITA Tunnelling Awards organised by the International Tunnelling and Underground Space Association will take place in Chuzhou-Nanjing, China at the occasion of the 20th China Tunnel and Underground Works Conference (2018 CTUC). ITA is calling candidates for the nine categories from all over the world. Last year in Paris, projects from Asia, Middle east, Europe and North America have been rewarded. This year we encourage every one to put an entry for small or large projects, in new construction or renovation as well as initiative in terms of new technologies or innovative underground space use. As before a young tunneller (below 35) will also be rewarded. Looking forward to seeing you all in Chuzhou-Nanjing.

Tarcisio Celestino
ITA President

> CALL FOR ENTRIES

This year the Entries can be submitted in 9 categories:

- Major Project of the Year - over €500M
- Project of the Year - between €50M and €500M
- Project of the Year incl. Renovation - up to €50M
- Technical Project Innovation of the Year
- Technical Product/Equipment Innovation of the Year
- Innovative Underground Space Concept of the Year
- Safety Initiative of the Year
- Sustainability Initiative of the Year
- Young Tunneller of the Year

Entries can register for applications until **31 May 2018**. The submission requirements and selection process are stated in the ITA Tunnelling Awards website awards.ita-aites.org. The final list of nominated projects will be announced by mid-July.

> ITA TUNNELLING AWARDS CONFERENCE 7 NOVEMBER 2018

On this day, finalists will present their achievements, and describe the unique and innovative features that convinced the judges to select their projects. A broad array of the most impressive tunnelling works, as well as innovations and excellence in engineering, safety, sustainability initiatives and use of underground space, from around the world will be presented. This conference will be integrated in the course of the CTUC.

This conference will be a unique opportunity to discover, learn and share the outstanding projects and the recent state-of-the art practices. The event will also be a day for networking, and an opportunity for global and local companies to present their services and technologies as part of our dedicated sponsoring program.

> THE 20TH CHINA TUNNEL AND UNDERGROUND WORKS

CONFERENCE FROM 5 TO 6 NOVEMBER 2018

CTUC is the biggest and most important tunneling conference in China, which is held every two years by Chinese Tunnel and Underground Works Society of CCES. More than 12000 participants attended in the last event in Chengdu in 2016. As usually, an international section will be held focusing on the newly developed technologies and experiences from the major or challenging projects.

China is the biggest tunneling market, with more than 40,000 km tunnels built, 20,000 km tunnels under construction, and another 20,000 km to be built in the near future. Moreover, many new technologies have been developed and applied in the projects in China. 2018 CTUC & ITA Awards is the opportunity to explore the Chinese tunneling industry and visit the projects under construction or operation as well as to enjoy the local culture in Chuzhou and Nanjing.

> ITA AWARDS BANQUET ON 7 NOVEMBER 2018

A banquet dinner will close the event during which the winners will be announced and the awards presented.
