Date: April 2, 2020

Dear Colleagues,

On behalf of ITA, I would like to extend our deepest concern and heartiest wishes to all our friends and colleagues affected by the new coronavirus in our member organizations during these difficult and challenging times.

Facing such a serious health issue across the world, ITA stands in solidarity with ITA member nations and fully supports your determined efforts to counter the spread of the new coronavirus. I firmly believe that we will manage this situation together and countries affected will quickly overcome and recover from this epidemic.

I wish you and all the people in your country good health and a swift end to the new coronavirus outbreak. We stand by you.

All the best,

Yan Jinxiu

ITA President
2019-2022
