Detailed program available at  
[www.societaitalianagallerie.it](http://www.societaitalianagallerie.it)

**Società Italiana Gallerie** is pleased to announce its **50th Anniversary**, in the same year when also **ITA – AITES international Association** is celebrating its 50th. To solemnize this relevant moment, SIG is organizing a two-days international event in the city of Genoa.

On November 29th, the **SIG conference "Tunnels and Underground Works: over the last 5 decades and onwards"** will be held at Palazzo Ducale; on November 30th it will be organized a site trip to the Terzo Valico dei Giovi high speed railway tunnels job-site, located close to Genoa. Furthermore, it is also SIG pleasure to inform that Italy has been chosen to host the **10th edition of ITA Tunnelling Awards** event. The event will take place on November 28th, 2024, still in Genoa. This international event will be held in conjunction with the ITA & SIG 50th Anniversary Celebration Conference.

Social events are also foreseen to fest both the finalists and the winners of the Awards (28th November evening) and the 50th Anniversary (29th November evening). Therefore, the overall program of conferences, site trip and social events consists, in a 3 days international event (Thu 28th - Sat 30th November 2024).

**An opportunity not to be missed to meet the international tunnelling industry!**
